Subject: Lane Plating Public Collection Documents

John and all,

Just received confirmation that the Sampling Analysis Plan, Conceptual Site Model and the Q&A from Felder's meeting are all in the public collection on the site page. You can find them here:

<https://cumulis.epa.gov/supercpad/SiteProfiles/index.cfm?fuseaction=second.scs&id=0605240&doc=Y&colid=36687®ion=06&type=SC>

As far as next steps, how would we like to alert the community that these are available? As far as the Q&A goes, I can update the "living document" with new info. We can also let the city know that these are out there, and I have a short list of community members and environmental groups that I can contact. Please let me know how you would like to proceed.

Thanks,

-Ed-
